MANAGED AUDITS FOR TAXPAYERS

In an effort to make tax administration more user friendly, New Mexico law allows qualifying taxpayers to conduct managed audits, or “self-audits”, under prescribed circumstances for one or more tax programs subject to the Tax Administration Act. Included among those tax programs are gross receipts, compensating, corporate income, withholding and personal income taxes.

For more detailed information please consult the resources listed in *For Further Assistance* on page 6 or call (505) 841-6216 or email managed.audit@state.nm.us.

WHAT IS A MANAGED AUDIT?

A managed audit is a variation on a traditional field audit by the New Mexico Taxation and Revenue Department (Department). A managed audit allows taxpayers to conduct an audit on themselves as specified in a signed managed audit agreement between the Secretary or the Secretary's delegate and the taxpayer or the taxpayer's authorized representative (Section 7-1-11.1 NMSA 1978).

The managed audit program allows a taxpayer to disclose tax due and avoid paying penalty and interest, provided the assessment is paid within 180 days from the assessment date. If the assessment is not paid in full within 180 days, interest will be assessed on any remaining tax due from the time that tax was originally due until it is paid.

The taxpayer can choose **one** of the following options for how the managed audit will be conducted:

Option A – The taxpayer will prepare the audit work papers with minimum guidance from the Department. The taxpayer will be issued a written statement from the Department stating that the taxpayer may remain subject to audit by the Department for the audit period.

Option B – The taxpayer will work with an assigned auditor to develop an audit plan, provide all records required to complete the audit, after completion and acceptance of the audit the taxpayer will be issued a written statement from the Department stating that the specific issue(s) in the audit period covered by the agreement are closed to further audit by the Department.

THE APPLICATION PROCESS

The taxpayer must submit a written application on a form prescribed by the Secretary or Secretary's Delegate outlining the nature of the audit issues. Prior to submitting the application, however, the taxpayer may approach the Department anonymously to ask if a certain situation meets general rules for a managed audit. Call (505) 841-6216 or email managed.audit@state.nm.us.

The taxpayer can apply for a managed audit online through the Taxpayer Access Point (TAP) here: <https://tap.state.nm.us/Tap>. If applying in TAP, you will need to log into your account and select "More Account Options". Then under the "Submit an Application" section select "Apply for Managed Audit". The paper application can be requested by calling (505) 841-6216 or emailing managed.audit@state.nm.us.

If the managed audit is being entered into by a taxpayer's representative the Department does require that Form **ACD-31102**, *Tax Information Authorization Tax Disclosure* be on file with the Department or submitted with the managed audit application. You can locate this and many other forms on the Department website: <https://www.tax.newmexico.gov/forms-publications/>. Form ACD-31102, can be located in the "Release" folder that is in the "Business Taxes" folder.

MANAGED AUDIT ELIGIBILITY

After written application by the taxpayer, the decision to enter into a managed audit agreement rests solely with the Secretary or Secretary's Delegate. The Secretary or Secretary's Delegate is not required to enter into a managed audit if the taxpayer's application is inadequate. The Department uses the following criteria, as a guideline, to determine managed audit eligibility:

- the taxpayer demonstrates a willingness and ability to comply with New Mexico's tax laws;
- the taxpayer demonstrates a system of internal controls and provides business records that are acceptable to the Department;
- the taxpayer has not been the subject of a criminal investigation for the taxable periods in question;
- the taxpayer's resources are available to conduct the managed audit;
- the taxpayer is not already in a legal dispute with the Department over the taxability of the transactions that are the subject of the managed audit; and
- the managed audit does not include transactions that are subject to a tribal gross receipts tax that the Department administers on behalf of any tribe pursuant to a Gross Receipts Tax Tribal Cooperative Agreement.

THE MANAGED AUDIT AGREEMENT

The managed audit written agreement (Section 7-1-11.1 (B) NMSA 1978) must include the following:

- have the signatures of the taxpayer or the taxpayer's authorized representative and the Secretary or Secretary's Delegate;
- contain the taxpayer or the taxpayer's authorized representative's declaration that all statements in the application and in the agreement are true and correct;
- specify the report period(s) under audit;
- indicate either option A or B for the audit plan;
- specify the type of receipts or transactions and the tax program(s) to be audited under the agreement;
- specify the records required to perform the managed audit;
- specify the managed audit's beginning date; and
- specify the date when the taxpayer will present the managed audit results to the Department (If option A is selected); and include the taxpayer's waiver of limitations on assessments for the report period(s) under audit, provided that the Department's standard audit procedures require a waiver.

After the taxpayer's disclosure of all relevant facts, the Secretary or Secretary's Delegate has sole discretion to accept, modify, or terminate the managed audit agreement. The Secretary or Secretary's Delegate may terminate the agreement at any time during the process if deadlines as outlined in the agreement are not met.

THE MANAGED AUDIT PROCESS

After the Department and the taxpayer have accepted and signed the written agreement, a Department representative will be assigned to assist with the

managed audit process. The representative's functions include (but are not limited to):

- issuance of a letter allowing the taxpayer 60 days to present records, and obtain evidence of the deductibility of transactions, if applicable;
- assistance in designing and formatting audit work papers acceptable to the Department; and
- assistance in designing a sampling methodology for the managed audit if needed.

CONCLUSION OF THE MANAGED AUDIT PROCESS

When the taxpayer has completed and submitted the required records, the Department representative will review the documents. The audit plan detailed in the managed audit agreement determines the extent of the review. The review may require the taxpayer to provide additional source documents, non-taxable transaction certificates, alternative evidence, tax returns, or other accounting records for a thorough audit review. Depending on the volume of transactions and the issues involved, the Department representative may choose either a detailed review or random-sample review of transactions.

When the managed audit does not conform to the agreement, the Department representative may return it to the taxpayer for revision. Any intentional misrepresentation of facts nullifies the agreement.

A managed audit that conforms to the managed audit agreement may produce an assessment. No interest (Section 7-1-67 NMSA 1978), or penalty (Section 7-1-69 NMSA 1978) is due if the managed audit concludes on or before the date specified in the agreement, and if the taxpayer pays the assessment in full within 180 days of the date on which the Secretary or Secretary's Delegate has mailed or delivered it. If the assessment is not paid in full within 180 days, interest will be assessed on any remaining tax due from the time that tax was originally due until it is paid.
